Material Safety Data Sheet – Organic Beeswax Wood & Leather Conditioner

1. Identification of the material and supplier

All product names:

Organic Beeswax Wood & Leather Conditioner

Supplier details:	Liz Harper, trading as Lil'Bit Better 330 Springfield Road, Nunawading, Victoria, Australia, 3131
Emergency telephone number:	+61 420 932 552
Material use(s):	Air freshener/linen spray
Date of issue:	6 th February 2024

2. Hazards identification

Hazard class/category: *Not classified as hazardous, according to the criteria of GHS, nor classified as dangerous goods according to the ADG Code.*

Hazard statements: *Not classified as hazardous, according to the criteria of GHS, nor classified as dangerous goods according to the ADG Code.*

Signal words: None

Precautionary statements:

- General:**

P101	If medical advice is needed, have a product container or label at hand.
P102	Keep out of reach of children.
P103	Read labels before use.

- Prevention:** No precautionary statements.
- Response:** No precautionary statements.
- Storage:** No precautionary statements.
- Disposal:** No precautionary statements.

Issue Date: 1st October 2023
Revision: 4

3. Composition/information on ingredients

Ingredient Identity	CAS No.	Percent (v/v)
Organic Australian Beeswax	8012-89-3	
Organic Fractionated Coconut Oil	8001-31-8	
Organic Olive Oil	8001-25-0	
Organic Lavender (Lavandula Angustifolia) Essential Oil	8000-28-0 / 90063-37-9	1.5%
Organic Sweet Orange (Citrus Aurantium Dulcis) Essential Oil	8028-48-6	1.5%
Organic Clove Bud (Eugenia Caryophyllus) Essential Oil		
Organic Patchouli (Pogostemon Cablin) Essential Oil	8014-09-3	0.8%
Organic Bergamot (Citrus Aurantium Bergamia) Essential Oil		
Organic Ylang Ylang (Cananga Odorata Flower) Essential Oil	8006-81-3	1.2%
Eleteria Cardamomum Seed (Cardamom)	92201-55-3	0.5%
Organic Jasmine Absolute (Jasminum Grandiflorum) Essential Oil	8022-96-6	0.05%
Organic Rose Absolute (Rosa Damascena) Essential Oil	90106-38-0	
Organic Australian Sandalwood (Santalum Spicata Wood) Essential Oil	8024-35-9	
Ingredients, determined not to be hazardous according to GHS criteria, and not dangerous according to the ADG Code, make up the product concentration to 100%.		

4. First-aid measures

- **Description of first aid measures**
- **General notes:** No special measures are necessary.
- **Following inhalation:** Provide fresh air.
- **In all cases of doubt, or when symptoms persist, seek medical advice.**
- **Following skin contact:** Brush off loose particles from skin. No special measures are necessary.
- **Following eye contact:** Rinse cautiously with water for several minutes.
- **Following ingestion:** Rinse mouth.
- **Indication of any immediate medical attention and special treatment needed:** none

5. Fire-fighting measures

Extinguishing media: Co-ordinate firefighting measures to the fire surroundings water, foam, dry extinguishing powder, ABC-powder

Special hazards: Flammable. This product is classified as a flammable but will not sustain combustion.

Special protective equipment for fire-fighters: In case of fire and/or explosion do not breathe fumes. Fight fire with normal precautions from a reasonable distance. Wear self-contained breathing apparatus.

Hazardous decomposition products: This mixture is not combustible under normal conditions. However, it will break down under fire conditions and the hydrocarbon component will burn.

Issue Date: 1st October 2023
Revision: 4

Wear self-contained breathing apparatus and complete protective personal equipment.

6. Accidental release measures

- **Personal precautions:** No special measures are necessary.
- **Environmental precautions:** NA
- **Methods for containment and cleaning:** Covering of drains.

7. Handling and storage

- **Precautions for Safe Handling:** No special measures are necessary.
- **Conditions for Safe Storage, Including Any Incompatibilities:** Store in a dry place.
- **Specific End Use(s):** Leather and wood conditioning balm.

8. Exposure controls/personal protection

- **Occupational exposure limits:** NA
- **Engineering measures:** No special ventilation requirements.
- **Personal protection:** Eyes: Use safety goggle with side protection.
- **Hands:** No special protective clothing is required.
- **Respiratory:** No personal respirate protection necessary.
- **Skin:** No special protective clothing is required.

9. Physical and chemical properties

- **Appearance:** Solid, pale-yellow wax
- **Odour:** Characteristic, Woody
- **Odour threshold:** Not applicable
- **pH:** NA
- **Melting point/freezing point:** 61 – 65 °C
- **Initial boiling point and boiling range:** Not applicable
- **Flash point:** 204.4 °C (400 °F).
- **Evaporation rate:** Not applicable
- **Flammability:** this material is combustible, but will not ignite readily
- **Upper/lower flammability or explosive limits:** not determined.
- **Vapor pressure:** not determined.
- **Vapor density:** not determined.
- **Specific gravity** not determined.
- **Solubility:** Not in water
- **Partition coefficient:** not determined.
- **Auto-ignition temperature:** Not applicable

Issue Date: 1st October 2023
Revision: 4

- **Decomposition temperature:** Not applicable
- **Viscosity:** Solid

10. Stability and reactivity

- **Stability:** Stable under normal conditions.
- **Conditions to avoid:** Heat, flames.
- **Materials to avoid:** There are no specific conditions known to be avoided.
- **Hazardous decomposition products may include the following material(s):** None identified.
- **Hazardous Reactions:** No hazardous reactions expected.

11. Toxicological information

- **Acute toxicity:** Not be classified as acutely toxic.
- **Skin corrosion/irritation:** No information available.
- **Serious eye damage/irritation:** No data available
- **Respiratory or skin sensitization:** No data available
- **Germ cell mutagenicity:** No data available
- **Carcinogenicity:** None of the components of this product are listed as carcinogens by OSHA, IARC, or US NTP.
- **Reproductive toxicity:** No data available
- **Specific Target Organ Toxicity (STOT) – single exposure:** No data available
- **Specific Target Organ Toxicity (STOT) – repeated exposure:** No data available
- **Aspiration hazard:** No data available.

12. Ecological information

- **Bio accumulative Potential:** No bioaccumulation potential.
- **Persistence/degradability:** Readily biodegradable.
- **Mobility in Soil:** No data is currently available.

13. Disposal considerations

Methods of disposal: Dispose in accordance with national and local regulations. Do not empty into drain.

14. Transport information

Required labels: Not applicable
HAZCHEM code: Not applicable
Marine pollutant: Not applicable.
UN number: Not applicable
UN proper shipping name: Not applicable
ADG environmental hazards: Non-environmentally hazardous acc. to the dangerous goods regulations

ABN 29 437 566 199 | lilbit.com.au

Issue Date: 1st October 2023
Revision: 4

Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code: Not classified.

15. Regulatory information

Australian Inventory of Chemical Substances (AICS) Substance is listed. There are no additional regulations on any substances within this product that are known.

No Chemical Safety Assessment has been carried out for this substance.

16. Other information

Prepared by: Regulatory Affairs

Date of previous issue: Not applicable

Change Made: None available.

Definitions and abbreviations:

- ADG Code - Australian Transport of Dangerous Goods
- Adopted National Exposure Standard for Atmospheric Contaminants in the Occupational Environment
- Approved Criteria for Classifying Hazardous Substances
- List of Designated Hazardous Substances
- National Code of Practice for the Labelling of Workplace Substances
- National Code of Practice for the Preparation of Material Safety Data Sheets
- National Model Regulation for the Control of Scheduled Carcinogenic Substances
- National Model Regulations for the Control of Workplace Hazardous Substances
- Standard for the Uniform Scheduling of Drugs and Poison
